Important Information

Inspections

The **Simmental** sale bulls will be available for inspection on Wednesday 10th February 2021 from 12 noon (SA time) and the **Angus** sale bulls will be available for inspection on Monday 15th February 2021 from 9am (SA time) with complimentary refreshments available at the sales to all visitors.

A supplementary sheet will be supplied at the sale including current weights and scrotal measurements.

Transport

Complimentary transport is available within South Australia, Victoria, New South Wales and southern Queensland and can be arranged upon request.

Guarantee

Yerwal Estate guarantees the structural integrity and fertility of all of its sale bulls. The entry of every bull constitutes a guarantee by the Vendor that the bull will be replaced or the purchase price* refunded if a bull proves totally infertile within the first 12 months from the date of purchase.

Please note that NO foot trimming is ever carried out at Yerwal Estate.

* Without interest, expenses, costs and damages.

Health Status

Yerwal Estate is Johne's Beef Assurance Score (J-BAS) accredited and has a score of J-BAS 7. All bulls were tested free of pestivirus and have been vaccinated with Ultravac 7in1, Pestigard and Vibrovax.

Scan Data

All sale bulls have been scanned by Mr Max Bowman who is an accredited scanner; Accreditation # 1026.

Buyers Registrations

Buyers are required to register with the selling agents prior to the commencement of the sale and to display their registration numbers at the fall of the hammer.

Sale Conditions

Conditions of sale by auction in South Australia apply. All sale lots are sold exclusive of GST. Please contact your selling agents to arrange phone bidding.

Agent Rebate

A 3% rebate is offered for outside agents if prospects are introduced to the selling agents in writing at least 24 hours prior to the sale.

Suffix Key

The suffix displayed at the end of each animal's name indicates the DNA parentage verification that has been conducted by Angus Australia.

PV: both parents have been verified by DNA.

SV: the sire has been verified by DNA.

DV: the dam has been verified by DNA.

#: DNA verification has not been conducted.

E: DNA verification has identified that the sire and/or dam may possibly be incorrect, but this cannot be confirmed conclusively.

Disclaimer

Every effort has been taken to ensure that the information in this Sale Catalogue is correct at the time of publication. All reasonable care has been taken in its preparation however no responsibility is taken for any inadvertent errors or omissions.

Photographed bulls will be offered in August sale

In addition to their own on property sale in South Australia, **Yerwal Estate Simmental Stud** will be offering fifteen bulls at the Queensland Simmental Bull Sale at the CQLX Selling Complex, Gracemere Queensland in 2021.

Yerwal Estate has been selling bulls into the Queensland Market for many years and in recent years bulls were sold into Duaringa, Maryborough and Rolleston. These bulls have been used primarily over high bos-indicus content cattle which is a contrast to the bulls sold in southern states. In these locations Yerwal Estate bulls are most commonly used over Angus, in Commercial and Stud Simmental Operations and also in operations targeting the heavy Vealer trade.

This demonstrates the versatility of the Simmental Breed and the strength of Yerwal Estate's offering.

The Queensland Simmental Bull Sale currently has 100 bulls nominated from 13 different studs representing every main land state in Australia. The sale is unique in that the following commitments must be adhered to by all vendors.

DEMONSTRATE INTEGRITY OF BULLS TO PROVIDE BUYERS "PIECE OF MIND"

Science and independent experts are a great way to assist in assessing the suitability of a sale bull. All bulls entered in the sale must be vet checked, DNA verified to sire, mouthed (to provide an indication of age), semen tested (morphology testing optional), EMA, IMF, P8, Rib and Scrotal Circumference measured. Bulls are also weighed at sale location to provide buyers with a true representation of weight.

All bulls entered are 8/8 registered purebred with the Simmental Association of Australia or Fleckvieh Association of Australia to guarantee buyers of hybrid vigour which is critical for an F1 cross.

NO HOOF TRIMMING OR BODY CLIPPING NO EXCEPTIONS

A purchasing decision including consideration of coat or feet type at sale should be genuine. Animal

soundness evaluations are to indicate no visual evidence of hoof-trimming on certificates. Vendor participation is also based on head and neck clipping being permitted (though not preferred).

Cutting hair from ears, under pizzle, bottom of tail and spikes on top of tail set with scissors is the preferred presentation of sale bulls for the astute cattle producer.

VACCINATIONS ARE IMPORTANT AND SO IS BIO-SECURITY

No one wants to introduce pesti-virus or any other disease into a breeding herd that is healthy and free from bio-security risks. Mandatory (Minimum) Vaccinations for bulls in the Queensland Simmental Bull Sale are 3-Germ (blooded), 3- Day Sickness, 7-1, Botulism with Bulls tested Pesti-Virus Free.

A SALE WITH A "BIG TAIL ON IT" IS A WASTE OF TIME FOR BUYERS AND VENDORS

In no instances will a bull previously entered in another sale (or advertised for sale independently) be eligible for entry to this sale. There are absolutely no exceptions to this rule and any vendor attempting to do this will be immediately removed from the sale. The tight entry conditions and theme of the sale have also been created to minimise "any tail" in bulls.

YERWAL
ESTATE
Simmental and Angus Stud

Lot 1 Yerwal Est Quality Kid (P) (ET) (AI)

Born: 14/02/2019
Tattoo: AMOPQ003
Horn: Polled
Eye Pigment: 100/100
Colour: RED DARK

January 2021 SIMMENTAL TRANS TASMAN BREEDPLAN									
	Birth Weight (kg)	200 Day Weight (kg)	400 Day Weight (kg)	600 Day Weight (kg)	Milk (kg)	EMA (sq cm)	Rib Fat (mm)	RBY %	IMF %
	+0.1	+17	+29	+40	+17	+1.0	+0.9	+0.4	-0.3
	67%	60%	58%	58%	52%	45%	49%	47%	45%
Breed Av.	+0.8	+20	+36	+45	+8	+2.5	+0.3	+0.6	+0.2

Notes: Q003 ticks all of the boxes for an outstanding stud sire. He is exceptionally thick and muscular. He has a fantastic temperament and is very sound in structure including feet. He is polled, dark red with full pigment. He has a proven pedigree and several exceptional siblings to back it up. He comes highly recommended for any operation.

Purchaser..... \$

Lot 2 Yerwal Est Qantas (P) (ET) (AI)

Born: 2/01/2019
Tattoo: AMOPQ001
Horn: Polled
Eye Pigment: 100/100
Colour: RED

January 2021 SIMMENTAL TRANS TASMAN BREEDPLAN									
	Birth Weight (kg)	200 Day Weight (kg)	400 Day Weight (kg)	600 Day Weight (kg)	Milk (kg)	EMA (sq cm)	Rib Fat (mm)	RBY %	IMF %
Breed Av.	+0.8	+20	+36	+45	+8	+2.5	+0.3	+0.6	+0.2

Notes: Q001 brings some new genetics to the table on the sire's side in Polled Right Time. He is extremely long, polled with great pigment and hooding. He has excellent feet and structure. He is a mobile sire with plenty of muscle.

We help you launch, promote and maintain cattle stud brands

Australia Wide

Marketing Plans, Campaigns and Research

Identify what makes your stud operation unique (its value proposition to potential buyers) and identify primary, secondary and tertiary markets. Align your brand and marketing efforts specifically to identified target market demographics.

Website Design, Development and Hosting

Don't waste time explaining the importance of key concepts necessary for your stud breeding operations website to someone who doesn't understand cattle production. Work with our highly skilled team based here in Australia in creating an industry leading website.

Video Capture, Editing and Distribution

Video ranks higher than other method on social media and is a great way to show potential buyers the quality of your stud animals. Our videographers are professionals in their field, have all the top-end gear and easily produce television commercials.

Branding and Graphic Design

Successful branding of stud stock operations is important as it differentiates a stud stock operation from its competitors and adds professionalism to all marketing efforts. Our team performs the full suite of graphic design and can create any branded collateral.

Launch and Promotion of Cattle Stud Sales

Too busy to run/manage the launch and promotion of your existing or new stud sale or simply want to engage experts to maximise the sales success. Working with you and your selling agent Stud Stock Marketing Services can manage the entire process end-to-end.

Digital Marketing and Social Media Integration

Digital marketing and social media (i.e. Facebook) provides the cattle stud operation the opportunity to quickly and cheaply obtain massive market reach. When done incorrectly, digital marketing can damage your brand and set your marketing efforts back months if not years.

 **07 3063 4564**

 **gday@studstockmarketing.com.au**

Contact Stud Stock Marketing Services to find out how effective marketing of your cattle stud can assist in increasing your sales average and clearance rates today.
