

Application for “Within Herd Use Only” Australian Born Sires

I/we hereby apply to The Australian Simmental Breeders Association Ltd to register the following semen from an Australian born sire, for use within my/our herd only, for the purpose of breeding progeny for which registration will be sought from The Australian Simmental Breeders Association Ltd.

Details of Semen/Registered Bull

Donor Bull’s Registration:

Name and Address of AI Centre where the semen was collected and processed:

Donor Bull’s Registered Name:

Applicant:

Signed:

Name/s:

ASBA Herd Designation: Date:

Address:

In support of this application, I/we attach:

- * Copy of the donor bull’s four-generation Registration Certificate
- * Colour photo of the bull (Side view)
- * Semen straw for genomic & genetic testing (See Bylaws for complete testing)
- * Fee for Within Herd Use including DNA testing **\$230** (GST included).

Statement by Breeder

I acknowledge that:

- * I harvested semen from the bull whose details are described above,
- * I provided the applicant with a supply of this semen for within herd use and
- * I have no objections to the applicant registering this semen–use interest with The Australian Simmental Breeders Association Ltd.

Signed: Date:
