WELCOME

Welcome to our 50th Anniversary On-line female sale. We have been part of this great breed in Australia from the beginning back when the first Simmental sired calf was born at Callendale.

Since then, there have been many changes and developments within the breed, including the introduction of the purebred black and red cattle as well as the SimAngus and so we thought it fitting to help celebrate by offering 50 Lots for sale in this Anniversary year.

As it is such a milestone for the breed and us here at Woonallee, we are focussed on offering an outstanding line up of both genetic and live lots that will make a positive impact on the breed for years to come.

Starting with the Pick of the Herd to Flush and the Pick of the entire T drop heifer calves which offers access to the best female lines at Woonallee.

The Embryo packages also represent some of the most tried and proven cows

such as L17, L125, N126, E59 and G175 with some exciting new sires in Shamrock, Genesis, Honor and Guardian. Semen in bulls such as Honor, Norwood, Kerrah E307 and Kerrah G732 to name a few are cementing their place here at Woonallee and we are pleased to offer them to you.

Both mated and open heifers will make up the live lots representing some outstanding genetic blends and opportunities.

As always, please contact us if we can help with selections or if you would like to have an inspection on farm prior to the sale.

Regards

Tom and Lizzy

SALE INFO

HEALTH

Woonallee Simmentals has a JBAS score of 8 and cattle are eligible to all states in Australia.

All females have received two shots of 7in 1, drenched with Cydectin (20/10/22) and ear notched tested negative for Pestivirus.

The mated heifers (Lots 16 to 25 inclusive) have been vaccinated with two doses of Pestiguard).

DNA, COLOUR AND POLLED TESTING

All R drop and traditional sale females have been tested for their poll status, sire verified and black females colour tested.

The S drop black females have been tested and the results will be available on a supplementary sheet prior to the sale.

TRANSPORT

Transport is the responsibility of the purchaser. We recommend Falls Livestock for interstate purchasers and will help co-ordinate this.

All embryos and semen are stored at Total Livestock and will be dispatched from there at purchaser's expense.

TRANSFERS

All females are registered with the Australian Simmental Breeders Association and are eligible for transfer. Please indicate at the conclusion of the sale if transfer is required.

BUYERS REGISTRATION

As the sale is completely Online, you will need to register with Elite Livestock Auctions. Please refer to "How to Register" page for instructions if needed.

INSPECTIONS AND SALE TIME

Private inspections of the sale females are welcomed and can be arranged by contacting Tom on 0428 4750 66. Pre-bidding will commence at 12pm on 24th November, 2022 with a timed auction starting at 5pm (AEST) on 25th November, 2022.

GST

All lots are sold exclusive of G.S.T.

FERTILITY

Lots 16 to 25 inclusive have been PTIC. All open females come with a breeding guarantee.

SALE CATALOGUE DISCLAIMER: All reasonable care has been taken by the vendor and designer to ensure that the information provided in this catalogue is correct at the time of publication. However, neither the vendor, selling agents and designer make no other representations about the accuracy, reliability or completeness of any information provided in this catalogue and do not assume any responsibility for the use or interpretation of the information included in the catalogue.

ALL SALE FEMALES ARE GRASS-FED ONLY

HOW TO REGISTER with

ELITE LIVESTOCK AUCTIONS

Simply go to www.elitelivestockauctions.com.au using your desktop, laptop, iPad, iPhone or android device.

Click on the **"Sign Up"** page / link

Create a bidding profile using the bidder registration page.
(You can either register as a livestock agent, company or private buyer)

Agree to the Elite Livestock Auctions Terms & Conditions and the Selling Agents Sale Terms & Conditions as printed in the official Sale Catalogue

Click **"Register"**

You will then be notified by email that an account has been created.

Once an account has been created you are all **"Set to Bid"**

Each Auction can then be viewed by clicking **"Live Auction"** logo on the Elite Livestock Auctions website.

Once you receive email notification that your account has been created please go to the sale you wish to bid at and click **"Request to Bid"**

The sale will then approve your application to bid and on the sale catalogue you will see **"✓ Bid Request Approved"**

On Sale day simply login, click **"Enter Auction"** on the catalogue page and you can start bidding.
(There is no need for software download)

At the completion of the auction, invoicing will be carried out as per your registration details by the Selling Agents.

LOT 1

PICK OF THE HERD TO FLUSH

When thinking of a feature for our 50th Anniversary celebration we thought this would be the ideal way to start.

Never have we opened up this opportunity and what an amazing chance to access new or proven genetics that have been tried and tested for many generations. With over 700 females to select from, the opportunities are endless and what a way to start a new family line or design your own herd sire!

Where to start in your selection is one question that will need to be asked, Traditional, Black Simmental, Red Simmental or SimAngus? Which cow family suits your needs or what female has consistently produced the top priced bulls? All these questions we are excited to help you with!

Terms: We guarantee 6 A grade embryos with no limit on the flush, so if the cow flushes 15 then you keep the lot. Flushing to be done on farm by Genesis Embryo Transfer when the donor becomes available for flushing post calving. Semen to be supplied by the purchaser.

PRICE: \$

LOT 2

PICK OF THE ENTIRE T DROP HEIFER CALVES

**Another great opportunity to secure
the very best T drop female we have!**

What an opportunity and what an amazing group of young females to select from. With both the Autumn and Spring drops available to select from, the options are endless!

The best traditional heifer or maybe the best Black or Red Simmental or for those looking for an elite SimAngus heifer, the choice is yours! So many new sire lines to choose from and as we have said with the previous lot, our family lines run deep with so many elite females.

Maybe the first Kerrah G732 (P) or Redemption R167 (PP) might appeal to the traditional herds or the first LBRS Genesis or KBHR Honor in the Black Simmental section or the first Millah Murrah Rembrandt or Quixote in the SimAngus section.

With so many options and with new and proven genetics on offer, the winning bid will guarantee you the chance to access the very best we have.

NOTES: An exciting embryo package combining the proven L17 and the new Homo polled bull Shamrock. Rosy L17 is a flush sister to Lagoon who was purchased by the Skene family, Meldon Park, Qld where he has bred extremely well. Her dam is a full sister to Tornado and it is becoming clear what a strong and predictable cow family this is. Shamrock was selected for his sound structure, excellent feet and strong polled head and we believe this mating is extremely exciting. Package of 5 Embryos sold per embryo.

NOTES: A blend of the old and the new and it seems right that we should have this as part of the 50-year celebration. Kathie L125 is a flush sister to Vegas, Los Angeles and Kathie L126 and has proven herself as a dominant performer in our herd. Siegfried is still regarded as one of the very best bulls and he produced so many great females over his journey. Born in 1971 it is incredible he is still a trait leader for 3 traits including Scrotal size and days to calving. We have resultant progeny from this flush with the polled heifer the highest performing of her group by 50kgs. Package of 5 Embryos sold per embryo.

NOTES: G175 was the topped priced female from the Lancaster sale in 2017 and impressed us due to her outcross pedigree and extremely sound structure. She has continued to produce easy keeping progeny with excellent depth and capacity. The mating to Guardian offers an outcross to many herds and by all reports, Guardian is becoming an elite herd sire in the US. A great option if you are looking for a new female line or an outcross sire. Package of 5 Embryos sold per embryo.

NOTES: Honor was a clear standout in our search for an elite Black Simmental sire last year and was the \$102,500 top priced bull at the KBHR sale. Extremely well made with length, thickness and power he has excellent structural soundness and foot structure. Backed by two of the greats of the breed being sired by Beacon and out of the legendary Sugar C4, he is a genetic masterpiece with calving ease, predictability and longevity built in. Backed by an elite set of data which has him in the top 5% for an incredible 10 traits. Homo Polled & Homo Black. Selling two packages of 10 straws per package. Sold per straw.

NOTES: We kept an outstanding group of N bulls and N758 has risen to the top. We first used him on heifers with excellent results and it soon became clear he was far more than just a heifer bull. A powerful bull with huge depth and capacity, he has been our go to for a Homo Polled & Homo black power bull. His daughters are coming through with excellent milk and great udders and the sons are always high on the list for stud and commercial breeders. He sired the top priced yearling bull in our 2022 Tamworth sale at \$45,000. Homo Polled & Homo Black. Selling two packages of 10 straws per package. Sold per straw.

NOTES: Structure has continued to impress us with his power and performance, and it is no surprise he is a trait leader for 200-day weight. A larger framed bull that can be used to add more frame and performance without sacrificing depth and softness. We had been looking for an NCB Cobra son and when we saw his dam, it was an easy choice to add him to the programme. Homo Polled & Black. Selling two packages of 10 straws per package. Sold per straw.

NOTES: An opportunity not to be missed. You have the opportunity to select the one you like best, and we keep the other! Again a chance to secure something we would not normally offer, a direct daughter of the great Kathie G73. Her story is well known, and I still believe one of the best traditional cows we have ever seen. Add Dirty Harry into the mix and you have a genetic package that will appeal to the most astute cattle person. Whether you like S118 or S241 we can guarantee you will be investing in a future donor that will take your programme to the next level. S241 - Polled. Open heifer.
