Welcome

Welcome to our second sale which will be conducted online this year.

Once again, we are partnering with AuctionsPlus Online and Elders. Photos, videos and all relevant information will be available at www.auctionsplus.com.au or scan the QR code on the front page to access the site.

Thank you to those who visited us and purchased at our first sale last year. We were overjoyed at the success.

We thank you for your ongoing support as we continue to produce some of the finest Simmentals in the country. At Mt Ararat Simmentals we have built a reputation for only selling top quality bulls and females.

In the past we have supported the Simmental National Sale, where we have presented quality animals every year. We topped the sale on a number of occasions including a \$40,000 bull and a \$19,000 bull. We have achieved an average price of \$12,000. Last year at our inaugural sale Mt Ararat Rockstar sold at a top price of \$16,000

To form, the basis of our Simmental Stud is through the best females available in Australia. This is reflected in the quality stock we present in our annual sales. With these females, and using a combination of natural matings, artificial insemination, embryo transfers and using the best possible bulls, we have continually upgraded to the herd we have today. We are looking forward to another successful sale, happy purchasers and an impressive result.

This year, the sale is set later in the year as our bulls were younger and we wanted to give them extra time to mature after experiencing the harsh conditions of one of the wettest Winters in history. In contrast, we are now experiencing one of the driest Autumns in years.

The bulls in this sale are listed from oldest to youngest

We are pleased to offer a consistent line of young bulls. The quality is even throughout and of the highest level. All bulls have been examined structurally, for conformation and for temperament. They have also been semen tested and passed all tests with flying colours.

At Mt Ararat Simmentals our cattle have never been fed grain and have been raised on quality hay, grass and non-grain pellets. What you are buying has not been artificially pumped up with feed, they are all natural but still of outstanding quality.

Please feel free to contact myself on 0409537445, Ryan Bajada (Elders) on 0418218328 or Peter Rollason (Elders) on 0419600323, if you would like more information or to inspect any of our incredible bulls.

Kind Regards

John Leek

And all here at Mt Ararat Simmentals

NOTES: 18 m/old. Our youngest bull, but our heaviest bull. He is going to be a cracking bull when he grows up, his figures and his conformation point to that. Bred in the purple like our other offerings this year, he has all the attributes to be in the paddock now.
