SALE INFORMATION

Directions: Lucrana Selling Complex is located at 3087 Riverton Rd, Texas Qld

Inspections: From 9:00 am Sale Day or by prior arrangement

Agents Rebate: 2% outside agents rebate is offered to agents introducing buyers 24hrs prior to the sale and settling on their behalf within 7 days

Catering: Barbecue lunch and refreshments provided.

Phone Bidding: The selling complex is located in a reliable Mobile coverage area. Contact the selling agents to place a phone bid.

Delivery: An offer of free delivery to major saleyards in QLD and Northern NSW (on delivery routes for other Sale Lots) is extended to all successful purchasers. This service is to be negotiated between the vendor and purchaser and is provided at the convenience of Lucrana Simmentals.

Own Transport Rebate: A rebate of \$150+gst will be deducted off the purchase price of any Lot if the purchaser takes delivery on the day of the sale in their own transport, or a carrier organised and paid for by themselves.

Bull Preparation: All bulls have been prepared in small paddocks on Ridley Stud Pro pellets with free access to hay.

Handling: The bulls have been worked with bikes and dogs and also exposed to horses.

Transfers: Please indicate on the Buyers Instruction Slip if a ASBA registered animal is required to be transferred.

Safety Disclaimer: The owners, employees and representatives of Lucrana accept no liability for any accidents that may occur at the Lucrana Sale Complex. Persons attending the Lucrana Sale do so at their own risk.

Please bring this catalogue to the sale

Welcome to Lucrana Simmentals 13th Annual Sale

This year we are pleased to bring forward the largest catalogue offering of bulls in our Sale's history.

More numbers means you as buyers have a greater selection from which to choose a herd sire from. And it also gives more people the opportunity to obtain genetics from a program that's been 38 years in the making. Despite the increased number you can rest assured that the quality of this year's line-up hasn't been compromised.

In a softer cattle market its been pleasing to see Simmental infused cattle keenly sought after. With many of our clients reporting a price premium for their Simmie weaners.

This year's draft of bulls will present in strong working condition, and are not overprepared, setting them up for a long productive life.

I look forward to seeing you on Sale Day, and if you wish to arrange a pre-sale inspection, please get in touch with myself or the selling agents. Bidding will also be available online via Stocklive.

Andrew Moore

VET

All bulls have had a Breeding Soundness Evaluation and Semen Test, including Sperm Morphology.

HERD HEALTH

The Lucrana herd is JBAS 7 and in a Cattle Tick Free area.
Interstate movement of cattle is guaranteed.

Vaccinations:

Tick Fever(3 germ)	26/10/23
BEF(3 day)	12/12/23 & 23/01/24
7 in 1 – twice as weaners	Booster: 24/06/24
Vibriovax	20/05/24 & 24/06/24
Pestigard	20/05/24 & 24/06/24

Tests: Negative Pestivirus PI Test

DNA TESTS

All Lots have been Poll/Horn and Colour DNA Tested.

HOW TO REGISTER with

Follow these easy steps to start bidding:

Visit www.stocklive.com.au using your desktop, laptop, iPad, iPhone or Android device. NO App required.

Select the **bid** icon beside the sale you wish to bid on.

If you're new, select **register**, and complete the form with all your details, **accept sale conditions**, select **create bidder registration**.

You will receive an email from StockLive. Select "**Confirm my bidding account**" to set your password and **accept** Bidder Account Terms & Conditions and Privacy Policy followed by **create my account**.

Congratulations! Your StockLive account has been created and your bid request is pending. You will be notified via email when your request to bid has been approved.

Existing users, follow steps 1 & 2, select login, enter your details followed by the **request to bid** icon beside the sale you wish to bid on and then **accept** the terms.

On Sale Day, follow steps 1 & 2, select **enter auction** to watch, listen and purchase when the sale is flashing **LIVE**.

Invoicing and delivery will be carried out as per your registration details by the respective Selling Agents.

POLLED CONDITION EXPLAINED

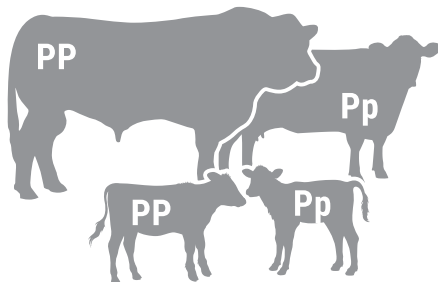

Here are some examples of breeding for the polled condition. Keep in mind that each parent passes one-half of its genetic makeup on to its offspring. (The genes causing scurred calves are not considered in these examples).

1. HOMOZYGOUS POLLED SIRE (PP) & HOMOZYGOUS POLLED DAM (PP)

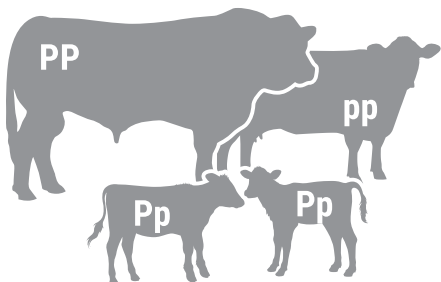

All calves will be 100% homozygous polled (PP)

2. HOMOZYGOUS POLLED SIRE (PP) & HETEROZYGOUS POLLED DAM (Pp)

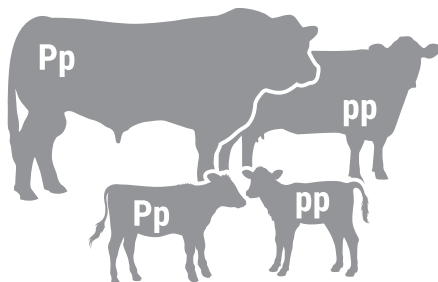

Calves will be 50% homozygous polled (PP) and 50% heterozygous polled (Pp)

3. HOMOZYGOUS POLLED SIRE (PP) & HORNED DAM (pp)

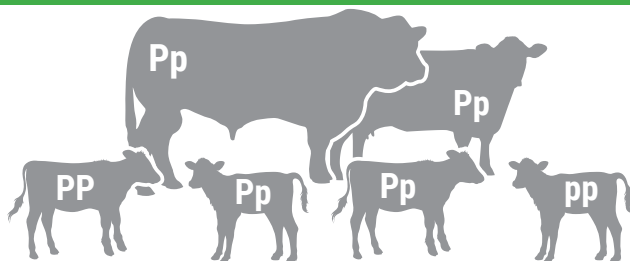

All calves will be 100% heterozygous polled (Pp)

4. HETEROZYGOUS POLLED SIRE (Pp) & HORNED DAM (pp)

Calves will be 50% heterozygous polled (Pp) and 50% horned (pp)

5. HETEROZYGOUS POLLED SIRE (Pp) & HETEROZYGOUS POLLED DAM (Pp)

Calves will be 25% homozygous polled (PP), 50% heterozygous polled (Pp) and 25% horned (pp). (NOTE that even though the horned calves resulted from mating two polled animals, they are genetically the same as if they were from horned parents.)

DOCILITY SCORE

You will notice in this years catalogue all Lots have a Docility Score

WHAT IS THIS?

Each time the bulls have come through the crush since weaning, they have been scored for Docility using the following scale:

1. Docile
2. Restless
3. Nervous
4. Flighty
5. Aggressive

The score in the catalogue is an average of these past scores.

WHY HAVE WE DONE THIS?

We are continually striving to provide as much as objective data as possible so our buyers can make better informed decisions.

Assessing the temperament of individual Lots on sale day can sometimes be misleading. And we also understand that producers have differing requirements on what is an acceptable level of docility.

NOTE

This score relates directly to the animal.

This differs from Breedplan Docility EBV's that are an estimate of the genetic potential of the animal for that trait by additionally taking into account the performance of relatives as well as the individual's score.
