WELCOME TO MALA-DAKI LIVESTOCK

In 2024 we celebrate a milestone achieving 30 years of breeding Simmentals.

The purchase of “Corella” located west of Manilla NSW will help us focus on our high performance black Simmental herd while incorporating more high performing Angus genetics into our breeding program.

With a new location we have rebranded to Mala-Daki Livestock. Stepping away from the show ring in 2022 has allowed us to take a more commercial approach to breeding focussing on a line of sale bulls which incorporates Angus sires to increase hybrid vigour and uniformity.

Family operated Lucky Clover Simmentals and JN Cattle Co will again be offering lots in the 2024 sale.

The selling platform in 2024 will be a Helmsman auction as a buyer friendly option.

All sale bulls are structurally sound, with excellent carcase and temperament. All sale lots have been DNA tested and qualify as “Immune Ready” giving peace of mind for the health of your purchase.

All sale animals are poll and have been DNA tested and parent verified. DNA results will be published on the website and social media once available.

The sale will be conducted by Elders and Davidson Cameron & Co as an on-property Helmsman Auction, interfaced with AuctionsPlus. Inspections are welcome prior to the sale by appointment and sale day inspections will be available from 10:00 am. Agents will be onsite on sale day to assist with your animal selection.

We look forward to welcoming you to inspect our 2024 offering of bulls and females at our new property and being part of our 5th Annual on-property sale.

LOCATION

‘Corella’
1654 Corella Road
MANILLA NSW 2346

DIRECTIONS

GOOGLE MAPS

Enter ‘Mala-Daki Livestock’ and the directions will take you directly to ‘Corella’

TRAVELLING BY ROAD

From MANILLA

Take the Rangari Road for 8.5 km and turn left into Corella Road.

Follow for 16.5 km and ‘Corella’ is directly ahead on the left hand bend after Kirks Lane.

From GUNNEDAH / BOGGABRI

From the intersection of Kelvin and Rangari Roads, drive east along Rangari Road for 12km, turn right into Glenara Park Road, drive for 2 km then turn left to continue on Glenara Park Road for another 3.3 km.

Turn right into Corella Road and drive 4.2 km to arrive at ‘Corella’.

INSPECTIONS

Inspections are welcome prior to the sale by arrangement with the vendors or agents. All lots will be penned by 10:00 am sale day.

SALE DAY CATERING

Refreshments, including lunch, will be available on sale day.

HEALTH

Females are unjoined and will be vet checked prior to the sale to confirm they are reproductively sound. Bulls will be semen tested to confirm their reproductive status.

The sale animals are "Immune Ready" and the herd has a Johnne's Beef Assurance Score (JBAS) of 6.

All bulls have been vaccinated/treated in May 2024 with:

- ✓ Zoetis Ultravac 7 in 1
- ✓ Zoetis Pestigard (for BVDV)
- ✓ Zoetis Vibrovax
- ✓ Zoetis Rhinogard IBR
- ✓ Cattle Guard Pour On
- ✓ Virbac Multimin Evolution

The females have been vaccinated/treated in May 2024 with:

- ✓ Zoetis Ultravac 7 in 1
- ✓ Pestigard (for BVDV)
- ✓ Zoetis Rhinogard IBR
- ✓ Cattle Guard Pour On
- ✓ Virbac Multimin Evolution

RAW DATA

All bulls will be weighed and then scanned by Bovine Scanning Services prior to the sale for eye muscle area (EMA), rump fat, rib fat and IMF. Supplementary information will be available at www.maladakisimmentals.com and on social media prior to sale day.

6 MONTH GUARANTEE

All sale animals have been evaluated for structural soundness and fertility. To the best of our knowledge the bulls are in sound working order and females are reproductively sound at the time of the sale. Any claim against the breeding ability or a structural breakdown of any animal must be made in writing and accompanied by a Veterinary Certificate within six months of the sale date. Any animal veterinary certified may be either replaced with an animal of similar value (if available) or credit made available to the value of the purchase price, minus salvage value, as a refund. The purchaser will be responsible for any veterinary and other costs incurred.

DELIVERY

Transport is to be arranged by the purchaser in consultation with Elders and/or Davidson Cameron & Co. Animals waiting delivery or pickup will be held free of charge for up to 7 days after the sale, unless prior arrangements are made.

All care will be taken, but absolutely no responsibility will be accepted for any injury or loss occasioned during, as a consequence of, or in relation to any holding.

TRANSFER OF REGISTRATION

All sale animals registered with Simmental Australia may be transferred to your ownership on request and at your cost.

AUCTIONSPLUS

The sale will be conducted as an on-property Helmsman Auction by Elders (Tamworth) and Davidson Cameron & Co. interfaced with AuctionsPlus. A card registration will be used, with your PIC number required. The sale will be conducted under normal auction conditions with AuctionsPlus online bidding available.

Go to www.auctionsplus.com.au to register and contact AuctionsPlus on (02) 9262 422 for more information.

OUTSIDE AGENT REBATE

A 2% rebate will be offered to outside agents with written introduction received 48 hours prior to the sale and/or if the agent accompanies the purchaser to the sale and settles on their behalf within 7 days of the sale.

TERMS & CONDITIONS

The Sale will be conducted by Elders (Tamworth) and Davidson Cameron using a helmsman auction interfaced with AuctionsPlus. Elders (Tamworth) will be the settling agent. All lots will be sold exclusive of GST.

INSURANCE

Ownership passes at the conclusion of the sale and it is recommended all cattle be insured.

SALE DAY SAFETY

All sale bulls and females have been screened for temperament and are quiet to handle under normal circumstances. There are, however, risks associated with cattle handling. Visitors enter the cattle pens at their own risk and children must not enter pens.

POLL/HORN STATUS & COAT COLOUR TESTING

All bulls and heifers have been DNA tested for parentage, poll status and coat colour.

Results will be available closer to sale day and will be posted on our website and social media.

DISCLAIMER

People entering upon this property for any purpose whatsoever including attendance at cattle auctions do so at their own risk. We are not liable to you for any personal injury or death suffered by you and for theft loss or damage to any property caused or contributed to by us or by any other person whether caused or contributed to by or by negligence deliberate act or unlawful conduct. "We" or "us" or "our" refer to the owners, their employees, contractors and agents and each of them. While every care has been taken in compiling this catalogue to ensure accuracy of information supplied no responsibility is accepted for any errors which may have occurred.

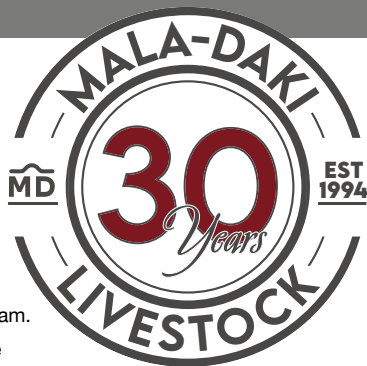

Mala-Daki Livestock is a family owned operation established in the early 1990's by Jason and Jacqueline Impey, along with their twin daughters Jennifer and Jessica. In 2024 we celebrate a major milestone achieving 30 years of breeding Simmentals.

We are breeders of black and red Simmentals and SimAngus with a commitment to producing moderately framed, structurally correct cattle with ideal temperament and carcase traits.

With the purchase of "Corella" located west of Manilla NSW, Jason and Jacqui have rebranded to Mala-Daki Livestock. The purchase of "Corella" will allow us to focus on our high performance black Simmental herd while incorporating more high performing Angus genetics into our breeding program.

30 years of breeding Simmentals has seen Mala-Daki receive many carcase awards, including Sydney Royal Purebred Gold, Silver and Bronze Medals, RAS Beef Challenge Bronze Medal for Taste, Profitability and Feedlot performance with Mala-Daki sired progeny winning carcase awards. There have been several champions at Beef Australia 2015 and 2018 and Sydney Royal Easter Show amongst other shows.

Thank you to our family, friends and clients for your continued support over the past 30 years.

With the introduction of the IGS performance recording system for Simmental cattle, IGS is the world’s largest animal performance recording system.

One of the major changes is the breeding figures being reported as Estimate Progeny Differences (EPDs), rather than Estimated Breeding Values (EBVs). The difference between the two is simple.

Effectively, an EBV is an animal’s own genetic value for a particular trait. However, the animal can only pass half of this onto their progeny. EPDs have the “half” already accounted for. That is, an EPD is the genetic merit of an animal’s progeny – what they will pass onto their progeny.

IGS can incorporate an animal’s genomics into its performance data. All animals in the Simmental Opportunity sale have been 100K GGP-LD DNA profiled.

Simmental - Traditional, Fullblood and Simbrah Register Breed Average

	CED	BW	WW	YW	MILK	MCE	MWWT	STAY	DOC	CW	REA	FAT	MARB	YG	AAPI	ATI	API	TI
EPD	5.3	5.7	69.6	101.1	33.2	3.7	68.0	13.4	8.3	20.8	0.79	-0.122	-0.09	-0.51	42.84	36.15	95.75	62.70

Black, Red, SimAngus and SPR Register Breed Average

	CED	BW	WW	YW	MILK	MCE	MWWT	STAY	DOC	CW	REA	FAT	MARB	YG	AAPI	ATI	API	TI
EPD	10.0	2.4	76.5	116.0	23.1	5.5	61.3	15.1	12.1	29.1	0.83	-0.088	0.07	-0.40	61.14	56.46	122.61	74.27

Polled and Coat Color Information:

Hetero Black 100% Black
Red 100% Black

PP - Homo Polled - the bull carries two copies of the polled gene

Homo Polled Homo Polled 100% Polled
Hetero Polled 100% Polled
Horned 100% Polled

Hetero Black - the bull is black in color, but carries one black gene and one red gene. Black is dominant to red, so the red color is not expressed when it is paired with a black gene.

Hetero Black Homo Black 100% Black
Hetero Black 75% Black, 25% Red
Red 50% Black, 50% Red

Pp - Hetero Polled - the bull carries one polled gene and one horned gene

Hetero Polled Homo Polled 100% Polled
Hetero Polled 75% Polled, 25% Horned
Horned 50% Polled, 50% Horned

Red - the bull carries two copies of the red gene. This example assumes the bull is diluter free.

Red Homo Black 100% Black
Hetero Black 75% Black, 25% Red
Red 100% Red

Homo Black - the bull carries two copies of the black gene

Homo Black Homo Black 100% Black
