We at Country Style are pleased to welcome all to the 2025 Country Style Simmental Stud Bull And Female Sale.

In October of 2013, Adam Sciberras dabbled into the Simmental industry purchasing a single registered female. That female, Valley Creek Hope, led on to an expansive breeding program now consisting of over 70 registered traditional and black females.

We at Country Style now strive to continue breeding cattle that we believe exhibit phenotypically admirable and functional traits that fit all markets, stud and commercial alike. Cattle that display beautiful glossy black and rich red skin and hair that coat the muscle and skeleton that continuously put frame, functionality and thickness back into the herd time and time again.

This years offering presents a genetic spread of stock from some of the most successful breeding lines within our herd. Many a head within the sale are paternal sibling to our very own Country Style Under The Limit, 2024 Sydney Royal Reserve Junior Champion Simmental Female. These are cattle we believe will add a progressive new branch into any herd. All bulls will be positively semen tested before auction occurs. All lots have also completed DNA testing and returned negative pestivirus results.

Country Style would not be the stud it is without the love and support from all of you alike. We thank you again for your thought and consideration, and we hope you are all blessed with a successful and happy 2025.

Kind Regards,  
Adam, Lillian and Little Billy

# Sale Details
